Subject Letter for Review

Monique,

See attached letter for your review, if you have any questions prior to my return, please call my cell phone at (760) 508-4223. I will return next Monday and I will check my email messages.

On another note, I sent your questions regarding the other suspension letter to the facility for their response. I will contact you when I receive their response.

Thanks, Ros Lewis Removal Proposal.doc

**EXHIBIT: 6/24/08 (France email, 0947)**

Attached was Marable's 6-pg draft proposing Lewis' removal. This was the first record indicating a removal...created a full year after the AB Cases were closed (by Andrew Robinson, on 6/13/07). Evidently, this draft was not shared with Kathryn Vernon, as the only CC is Barry Davis; even worse, Barry Davis was detailed away from his job at about this time, so the removal may have been approved by France alone. Although Lewis has received thousands of pages from requests under FOIA and Privacy Act, he still has not been provided any record of AT-LOB review of the removal action.
