Ham and Mike,

I am out of the office today and will supply you with a copy of Mr. Lewis's grievance tomorrow. Sorry I did not get it to you sooner. I am also extending the time frame for elevation due to Mr. Lewis not being at work and my delay in getting you a copy of the grievance.(unless this is not exceptable to you)

I know there are some understandable differences between between you guys however, if ever there were someone in need of representation and your professional advise it is Mr. Lewis. He has been on admin. leave for way over a year with almost no communication from the Agency. Now he receives a proposed removal based on stuff that occurred more that a year and a half ago.

Please forgive me for sticking my nose in your business but my Union blood sometimes overrides my professional responsibility.
