Please send me a copy of your MSPB settlement and the initial MSPB charge if you have it handy. Please also send me a copy of your current ULP charge. It would also help if you could provide a brief description of the documents you think still exist that you have not gotten and what you would use them for if you had them. I want to reiterate that the grievance that we are pursuing is for payment of leave time and unpaid time that we refer to as a constructive suspension. It is not for the termination. Whether we can do anything about the termination at this point, I do not know. If there's anything we could do, it would be informal, outside the grievance channels and beyond this grievance.

It was good talking with you and as soon as I hear anything about an arbitrator or date, I'll let you know.
