**Subject: FW: A copy of my grievance on color NATCA letterhead...**

Hi Jeff,

This grievance was presented to the mediation to finality panel as part of the SGP that I explained to you. I am attaching their decision. As you can see, it is going to be heard by a different neutral third party. I am attaching a copy of their decision.

Mike:

I found this copy of NATCA's filing on 08-CCR-01.

As I recall from our phone conversations a year ago, it may be possible that this document is missing from the NATCA files? Can you confirm you still have this, and provide me with copies showing the delivery and signature dates?

Thanks. Jeff
