Bobby:

We will need some means of verifying that the payments are accurate and complete. So, it will be important for you to include some reference in the settlement that you will provide all supporting documentation both about the calculation of the payment (and leave categories) and the payment itself (whether that be access to T&A records, pay stubs, etc., doesn't need to be spelled out at the moment, as long as its clear we will get access to whatever is used to determine the monies owed and paid..

We'd rather avoid a dispute later about verification.
