I have not received any copies of the correspondence from your office so I have been unaware that you have received anything from him. Naturally, without the correspondence, it is impossible for me to respond to him making it difficult to manage him and this issue. Please send me a copy of all recent correspondences from Mr. Lewis so a can respond rather than burden your office with this issue. We are working this issue internally and expect resolution in the near future. Thank you for you patience in dealing this issue. Andy
