 From: Daniel A Castellon/AWP/FAA - Friday 10/03/2008 09:00 AM

Mr. Lewis was mailed (USPS) a copy of the Step 3 decision on his grievance. What other grievance is he referring to and what level is it at if filed??

 Subject Fw: Request hard copy of recent grievance denial

Dick and I have received several calls and e-mails requesting information, e-mail address, telephone numbers for the two of you. Mr. Lewis has filed another grievance in which he is claiming no response from the agency. He has now contacted the FLRA and told them we are ignoring time lines and refusing to follow the grievance procedure with his grievances. I have settled an earlier ULP on the same subject and will not be so lucky the next time. With all the delays in the second grievance response we should be pushing for a quicker turnaround on this latest grievance. Any help in getting a response to Mr. Lewis would go a long way in protecting the Agency from an unwinnable ULP.

Also need to know how to reply to his request for your contact information. It is had to start from yes when you are saying no!

 Subject Request hard copy of recent grievance denial

**Lewis-FAA Case**  
 8/2012 FLRA filing  
**Ex. # 47**

Hi Glen,

I am hoping to get a reply from you soon with at least some of those email addresses, to aid in my efforts to communicate with Dan Castellano, Tim Kubik, et al. Nothing yet received...please advise if I need to send that email again (I know sometimes these things just disappear).

Lacking Dan's internet address, please forward this to him or advise I request a copy of the recent denial sent off to NATCA. I did file the grievance, so I should get a copy of their decisions. I do not wish to
