Subject: Re: Imposed SL grievance

Jeff,

We will use the grievance procedure in the 2003 NATCA CBA. Period. We can not do anything that alludes to their illegal work rules. It is the only process we have. You need to file the form that I sent you. It is the only process that we have. You can sign and fax it. It is the only process that we have and the one that we will use as the Union. I do not know if and or when the agency will deal with the grievance as they are operating under their illegal work rules. We will use the grievance procedure in the 2003 NATC/FAA CBA. It is the only one we have.

I will try to address this further tomorrow morning if you have further questions. I have to leave right now for an evening shift.

Dave Caldwell

Lewis-FAA Case
