Subject: RE: Medical Assessment

Hello Jeff,

Since you have decided on your own to disregard my advice of two weeks ago and send a grievance to your ATM filed under the white book, it appears that you will not have any remedy for pay period 10 and will lose whatever you grieved. I specifically told you 2 weeks ago that if any grievance was filed under the whitebook by any employee, it would be withdrawn with extreme prejudice when it reached the Union level.

Therefore, I am going to have Dave notify your FACREP that when it gets to his level, (the Union at the facility level) to withdraw this grievance with extreme prejudice, after you have been given your meeting with the ATM under Section 2, if that is what you choose to do.

Dave, please notify Bill to withdraw this grievance after Jeff has been given the opportunity to meet with the ATM if he chooses to.

Also please have Bill file a grievance under the green book on Jeff's behalf under Article 9, Section 11 for PP's 11 and 12.

KJ
