Morning Bobby,

Space is not an issue here but my concern is security because of the circumstance in which Mr. Lewis FAA employment came to an end. I respectfully ask that if Mr. Lewis will be present, that the hearing be held at a location where participants will be screened upon entering the building; We do not have that on site capability security at our District office.

Subject: Lewis Hearing

Good After noon sir,

Is there any way you can let me know if there is ample space available at your facility regarding the Lewis hearing that is tentatively scheduled to take place during the week of Feb. 13th thur the 17th. As it stands now, I am intending to conduct the hearing Feb. 16th and 17th, Thursday and Friday, of that particular week. If there is no ample space we can secure a conference room at the Flight Standards SFO Certificate Management Office in Daly City, which is approximately 12 miles from SFO.

Please let me know as soon as possible in order to schedule accordingly. I look forward to your response and if you have any questions or concerns regarding this subject matter please call me at the office
