Good afternoon James,

I appreciate today's contact e-mail from you officially advising me of the change in advocates for the Union. Until today, I have not been provided any information of informed by anyone regarding this change. Nevertheless, I would like to move on and hopefully communicate more effectively during this process.

Since you have been identified as the Union's First Chair in this case, I will direct all my communication toward you. As such, I would greatly appreciate for your to contact me at the office number provided so that we may discuss this case since the hearing date is quickly approaching. I strongly believe we should resolve as many procedural issues as possible prior to the day of this hearing, including any possible settlement offers. I look forward to your call.

Thank you,

Hello Mr. Rodriguez,

I apologize for the confusion as we were under the impression you had been advised of my substitution on this case back in August when Mike Hull asked me to take his place due to his unavailability for the original hearing date.

Mark and I would be more than happy to discuss any preliminary matters that warrant discussion as well as any settlement offers. I am a controller at MIA and working dayshifts all this week, so email may be the best way to get the ball rolling.

Hello Mark,

I'm very familiar with this process as I do have a few cases in various arenas under my belt. I was merely confirming if there was a change of presenting advocate since I did not receive any word for my Union counterpart regarding this subject. In the future, I would greatly appreciate a contact call from the assigned advocate of record rather than an outside party, especially when I have never heard of the individual mentioned and still awaiting to discuss matters of the hearing with the advocate of record.

Subject RE: Arbitration

Hi Bobby:

Maybe you're new. Jay will be the primary (1st chair) and I will now be the secondary advocate (2nd chair). We will both be included in discussions and planning.

Thanks for your diligence and attention.

Mark

Mr. Barrett,

I have just been made aware you are seeking approval to be released from your duties for the time period of February 14, 2012 through February 17, 2012. I have also been informed you are requesting this release in order to prepare and present a grievance, as the Union's 1st chair, that is currently scheduled for hearing before Arbitrator Lindauer on February 16th and 17th.

Please be advised Mr. Mark Wilson has identified himself to Management as the designated NATCA representative for this case that will present the grievance to the Arbitrator, as the 1st chair, on February 16th and 17th. As such, Mr. Mark Wilson has been the only NATCA representative I have been in communication with regarding this grievance. Mr. Wilson's designation as the NATCA representative for this grievance was most recently confirmed on Tuesday, January 24, 2012, when Mr. Wilson responded to a question, as the designated NATCA Representative, that was posed to the advocates of record by Arbitrator Lindauer.

Since this hearing is quickly approaching, please confirm if you have replaced Mr. Wilson as the NATCA Representative that will be presenting this case to the Arbitrator on February 16th and 17th. If there has been a change of Union Advocates, there are several issues still pending which the parties need to discuss before the hearing. Those issues include; the moving papers, any possible stipulations, the sought remedy and the issue of this case. These are

simply issues I believe we can discuss and possibly agree upon prior to the day of the hearing. As such, please advise if any changes have been made regarding the Union's advocate of this case. This will allow me, Management's representative, the opportunity to know which Union representative will be the designated advocate of record with the authority to discuss the above mentioned issues as well as any possible remedy.

I have included Mr. Wilson in this e-mail for his response and confirmation as well. I look forward to your response and if you have any questions or concerns regarding this particular subject matter, call me at the office number provided.
