

A *Concerned Residents Against Airport Pollution* event

Think SMO jets are bad now?

EVERYONE needs to attend our
Protest/Demonstration

against Santa Monica Airport's extreme negative impacts !

Saturday, February 4 - 11:00 AM - 1:00 PM **Santa Monica Airport Protest**

Think SMO jets are bad now? Scheduled jet flights are coming to Santa Monica Airport. Help us say NO! Plans to offer daily scheduled flights, in 30-seat jets, from SMO to west coast cities will begin on February 6 and will turn SMO into an *even more* UNSAFE COMMERCIAL AIRPORT. Bring your family, friends, and neighbors to show that we are in strong unity to stop the continuation of the extreme harmful impacts from SMO. **Bring your children; it's their future we're fighting for.**

Location: north-side of Donald Douglas Loop North, between 2950 31st and 2951 28th Streets in the Santa Monica Business Park (see map). **Free parking:** Cars may enter the surface parking lot from either Ocean Park Blvd. between 28th and 31st (near Wells Fargo) or from 31st Street (just south of Coffee Bean & Tea Leaf). The parking gates will be up and you may park in any unreserved parking space.

SPECIAL GUEST SPEAKERS

Congressman Ted Lieu

Los Angeles Councilmember Mike Bonin

Santa Monica Mayor Ted Winterer

Other political representatives, as well as community activists from Santa Monica, Ocean Park, Venice, West Los Angeles and Mar Vista
