DISPOSITION STATUS

Case Number: 2009-0061
Resolution Due: 02/11/2009
Date Completed: 02/11/2009

Updated  Status   #   RespRegion(s)   RespLOB(s)
02/11/2009  Completed  1   ANM       ATO-R

Remarks
Management immediately conducted an inquiry when the incident was reported. The inquiry revealed that an Electronic Traffic Management System (ETMS) contractor had responsibility for loading the screensaver into ETMS for nationwide distribution to all TMS's. Management sent an email advising all facilities to turn off the screensaver on ETMS.

The inquiry revealed that "it did not appear that the words were generated as a result of something that anyone in the TMU had done."

Coordinated with AHR/ANM-10.

Completed Case on AB Agenda: 02/18/2009
Supervisory Traffic Management Coordinator, reported that the Electronic Traffic Management System (ETMS) monitor in the display a screensaver that reflected a string of random barcodes with random English alphabet letters above each barcode that occasionally spelled out the words, "BOOB" and "COCK."

reported that the screensaver on the monitor was in an area that made it easily viewable by visitors and local dignitaries touring.
