MANDATORY BRIEFING BINDER

MBI H1013 Article 4, Section 9 – Electronic Devices/Publications

The attached is a read and sign briefing regarding Article 4, Section 9 concerning the use of electronic devices and magazines/publications in the facility. It should take approximately **10 minutes** to complete the briefing.

All personnel shall sign and date the attached roster upon completion of the briefing. Retain the briefing information in the area for future reference. Forward the completed roster to the Training Support Office no later than **COB January 22, 2010**.

If you have any questions concerning this briefing, contact your supervisor.

Federal Aviation Administration

Memorandum

Date: January 12, 2010

To: All Operational Employees
All Operations Supervisors

Thru: Mandatory Reading Binders

From: Vincent *V. Shobe*, Air Traffic Manager, EC-ZOB-1

Subject: Article 4, Section 9

Article 4, Section 9, states the following:

"Radios, television sets, appropriate magazines/publications, pagers/cell phones, and electronic devices will be permitted in designated non-work areas at all facilities for use at non-work times. Pagers/cell phones will be permitted in operational areas but shall be set in the off position due to possible interference with NAS communications equipment. The operation of weather radios shall be permitted in operational areas."

The above information applies to all shifts.
